All,

Les Joslin has been named squadron commander for the St. George Composite Squadron, replacing Mark Benson.

Mark has done an outstanding job in SGU and leaves due to some work and family needs. Mark will continue as a flight resource to the squadron and the wing.

I met with Les a few weekends ago during the Provo SAREX and find him both excited and qualified to step in and continue the good things happening in St George.

Please join me in extending sincere thanks to both!

Jerry Wellman
Commander, Utah Wing
